

PROBE OF STATE TREASURY UNDER WAY

INVESTIGATION WILL PROBABLY CONTINUE THROUGHOUT THE WEEK

Brundage and Mortimer Apparently Pleased with Evidence So Far Submitted--Small Says Sullivan Machine May Be Able to Accomplish Indictment.

(By The Associated Press)
SPRINGFIELD, Ill., July 12.—Attorney General Brundage's grand jury investigation of the state treasury probably will consume the entire week or even more, it was indicated tonight, following the second day of the inquisition.

Two witnesses, State Treasurer Miller and Ernest B. Griffin, Grant Park Banker, completed their testimony today. Harry Luhrs, assistant treasurer, is expected to be the first witness tomorrow. He will be followed by Fred W. Crowell, treasurer of Armour & Co., and L. A. Carton, treasurer of Swift & Co., Chicago packers, whose securities are said to figure in a \$10,000,000 transaction in state money with the "Grant Park Bank."

Additional subpoenas were issued today for Kankakee and Grant Park bankers. Laverne Curtis, brother-in-law of the late Senator Edward C. Curtis, will not appear before the grand jury it was said tonight following the testimony of Mr. Griffin, the late senator's brother-in-law.

The investigation is accompanied by the usual secrecy of grand jury probes it was evident tonight that Attorney General Brundage and State's Attorney Mortimer were satisfied with evidence that had been presented during the first two days of the quiz.

The former grand jury sitting in the historic court room where Abraham Lincoln often presided has shown a disposition not to hold night sessions, expressing a desire to return to their homes as early as possible each day while their harvesting is being done.

They adjourned shortly after 3 o'clock this afternoon.

Speaks of Conspiracy
"Our information apparently disclosed a damnable conspiracy to use \$10,000,000 of state money for private gain," said Attorney General Brundage today discussing the investigation.

Gov. Small stopped a few minutes to talk with friends on the state house steps on the way to his office this morning. The governor said he realized that Sangamon county was hostile territory and declared that should indictments be returned against him he would welcome a trial in any other county in the state.

The investigation the governor said is an attempt by his political enemies to place the stigma of indictment upon him, which he declared is possible because of the political situation in this county.

"They know that nobody involved in this investigation is guilty of stealing any money," Governor Small declared. "Granting, for the sake of argument, that the \$10,000,000 loan of which they talk, was made and the 2 per cent interest due the state was paid, what irregularity is there and how does it differ from any bank transaction?"

Sullivan Machine in Control
"The Sullivan machine is apparently in very close control of this county and they may be able to accomplish an indictment for political purposes, which is their aim."

Attorney General Brundage's last crack against the governor, the grand jury investigation—was condemned today as a piece of cheap politics by a prominent Republican not affiliated with the state administration and who until a few months ago was on the Brundage payroll.

"I was for Brundage in the last election but the sole purpose of this investigation is to make personal war against Gov. Small," he said. "Worse than that it leads towards a split in the party which is far more important than the affairs of any individual. I don't believe there is any desire to 'get' anybody but the governor. Gov. Small knows and everybody else knows my political situation and views and I say this is bad stuff."

"Granting that there is an honest belief that irregularities existed in the state treasury why couldn't they have gone about it in different manner and called these men in to explain."

Attorney General Brundage declared that although State Auditor Russell is involved in the investigation there is no information showing any irregularities in his office while he was

DEVALERA IS IN LONDON TO MEET PREMIER GEORGE

Given Boisterous Welcome on Arrival in London

(By The Associated Press)
LONDON, July 12.—Eamonn DeValera, the Irish Republican leader and his colleagues are now in London for the purpose of discussing with the British government the troubles Irish situation. According to present arrangements, Mr. DeValera will meet the prime minister in the famous cabinet room in Downing street at 11 o'clock Thursday morning.

It is believed that Sir Harman Greenwood, chief secretary for Ireland, A. J. Balfour, lord president of the council Lord Birkenhead, Lord High Chancellor and possibly General Smuts, the South African premier, will be on hand to join in the conference. Sir James Craig, the Ulster premier at present in Belfast, will return to London Wednesday and also will be available if his presence is needed.

Received Boisterous Welcome.
Mr. DeValera and his party received a boisterous welcome on their arrival in London this evening. They were offered government hospitality during their stay but elected to preserve their independence and accept the good offices of their own friends. The members of the Irish party are stopping at a hotel near Buckingham palace.

In a message issued to the English people Mr. DeValera says: "There is no reason why the peoples of these two islands should continue at enmity. It is simply a question of recognizing justice as a necessary foundation for peace."

Mr. DeValera presided at a private meeting of his friends tonight to discuss plans but it is believed that thus far nothing very definite has been decided upon by either side regarding procedure.

In Ireland the truce has been observed faithfully, except in Belfast.

MORGAN COUNTY TO GET HARD ROADS

All Bids Opened at Springfield Tuesday Were Under \$30,000 Limit Set by Governor Small--Morgan County Road Was One Bid Upon.

SPRINGFIELD, Ill., July 12.—With few exceptions all bids received on approximately 135 miles of hard road by highway officials today were under the \$30,000 per mile mark set by Governor Small last spring as the limit to which the state would go. None of the contracts upon which bids were received today were awarded tonight. The lowest bid received was \$22,500 per mile. This was on a stretch of 3.41 miles in Effingham county and includes the cost of cement which the state pays. The bidder was C. J. Moritz of Effingham.

Other bids on jobs which include more grading and hauling ranged from \$27,000 to \$29,000 per mile including cement. The low bidder on three sections of road in Macon county was the county board. Their bid averaged \$27,700 per mile.

The counties and the mileage in each involved in the contract bidding today follow: Clark 3.81; Jackson 2.99; Perry-Washington 5.99; Washington 5.14; Alexander 3.43; Livingston 11.93; McLean-Livingston 7.95; McHenry 13.49; Boone 11.40; Rock Island 2.98; Henry 10.98; Champaign 12.35; Macon 11.16; Sangamon-Morgan 6.12; Morgan 6.42; Effingham 3.41; Knox 9.97; Brown 4.36.

DEPART FOR MICHIGAN
Mrs. C. H. Russell and daughter Jeanette, of West State street, left Tuesday morning for Omena, Michigan, where they will spend their vacation.

HARDING ASKS FOR TEMPORARY POSTPONEMENT

Would Have Senate Lay Aside Soldier Bonus Bill Now

(By The Associated Press)
WASHINGTON, July 12.—Pledges of a wide majority of votes to lay aside the soldier bonus bill were claimed by Republican leaders and conceded by opponents after President Harding in an address to the senate today had made formal request for temporary postponement of consideration of the measure.

In making his request the president called attention to the condition of the treasury saying that enactment of the legislation at this time would greatly imperil the financial stability of our country.

Immediately after the president had finished and departed, Chairman Penrose of the finance committee moved that the bill be recommitted to his committee but Democratic opposition flared up and prevented a vote today. The motion was under unlimited debate but a vote tomorrow was expected although some Democratic opponents said it might be delayed until Thursday.

President Harding reiterated his recognition of the obligations to care for disabled and dependent war veterans but said "general compensation" should be entered upon at a time when it would be consistently possible.

"Overburdening of the treasury now means positive disaster in the years immediately before us," the president declared. "Merest prudence calls out in warning."

Also Urges Tax Action
Although the bonus bill was the president's major subject, he also urged action on tariff and tax legislation for which the extra session especially called. There was, he said, "confessed disappointment that so little progress had been made on readjustment and reduction of the war time taxes."

He also urged early passage of the bill to re-organize war risk and vocational services. The president reached the senate just as the bonus bill was laid before it for debate. He was applauded for about a minute when he entered the chamber and again when he concluded, but his remarks were not interrupted. Galleries and lobbies were crowded. In the executive's private gallery were Mrs. Harding and a party of friends and Brigadier General Sawyer, the president's physician.

On the senate floor were virtually all senators in the city scores of house members, Attorney Daugherty, Postmaster General Hays and Secretary Davis.

Senator Penrose offered the Republican motion for recommitment of the bill with a promise of "further careful consideration."

Democrats in Opposition
Democrats rose at once in opposition. Senator Robinson, Democrat, Arkansas declared the motion meant obsequies for the bill. It would become "dead for some years," he predicted, declaring the recommitment motion was a shield for senators pledged previously to support the measure.

Another opponent of the motion, Senator Jones, Democrat, New Mexico, speaking for two hours, declared the president's action, unprecedented. No other executive, he said, had ever appeared before congress to oppose legislation but only to advocate it.

Defense of the president was made by Senator King, Democrat of Utah, an opponent of the bonus measure who said the executive's course was "proper and courageous."

Urging delay in the vote on recommitment until tomorrow Senator Robinson threatened an immediate action to adjourn which the Republicans prepared to resist but protracted Democratic debate took up the remainder of time until adjournment.

READING ANNOUNCES REDUCTION IN PRICES

READING, Pa., July 12.—The Reading Iron company, one of the country's largest independent, today announced a general reduction in the selling prices of its tubular goods, nails and bar iron. The reduction in both country and standard pipe ranges from \$6 to \$12 a ton.

The company also announced that a new scale of wages will go into effect about July 16 for men now employed and in the mills when operations are resumed. In addition bonuses for overtime will be done away with except on Sunday's when time and one-half will be paid. None of the mills is in operation at present.

BRIEFS

(By The Associated Press)

DIXON, Ill., July 12.—Heat records for the season were broken here Monday when the official thermometer registered 102.

KEWANEE, Ill., July 12.—Fire early today destroyed the Catholic church at Bradford, said to be one of the finest Catholic churches in central Illinois.

GOLCONDA, Ill., July 12.—The three sons of Marton Davis, aged nine, eleven and thirteen years, were drowned here today while swimming in a pond near the Hillside mines. The bodies were recovered.

CHICAGO, July 12.—Miss Elida Piza, Costa Rican beauty, whose romantic marriage to Herbert P. Crane of Chicago ended in the divorce courts last fall, has started proceedings to collect the remaining \$70,000 of a \$100,000 cash settlement awarded her.

WASHINGTON, July 12.—General Pershing refuses to permit the work of chief of staff of the army to occupy him entirely and has decided after two weeks on the new job that time for play and exercise is essential for a man occupying a desk and swivel chair.

CHICAGO, July 12.—James W. Beach, 77, inventor of the pneumatic tube and well known Chicago attorney, died here last night. Some years ago, he lost a \$20,000,000 damage suit against the government for alleged breach of contract growing out of a plan to install experimental pneumatic tube mail service. He was born in Ohio, N. Y.

CHICAGO, July 9.—After A. F. Manke of Evanston, Ill., had given all he had, \$32 to a holdup man who accosted him last night, the bandit, a young man spled "Great," he said, "and it over. I'll need that next week."

The Evanston police are considering having representatives at all weddings this week.

WASHINGTON, July 12.—Plans for a four weeks conference of state supervisors, foremen and teacher trainers in vocational education, to be conducted at Dunwoody institute, Minneapolis, beginning July 18, were announced today by L. S. Hawkins, chief of the division for vocational education of the federal board for vocational education.

PARIS, July 12.—France has informed Germany she will continue the occupation of the Rhine region until Germany has complied with the conditions of the treaty of Versailles relative to the punishment of those who violated the rules of civilized warfare in the World War, Premier Briand told the senate today.

Replying to a question, he characterized the findings of the Lepsic court as "scandalous."

ADD BRIEFS
CHICAGO, July 12.—Apollo, Hercules, Venus and other classical persons housed in the Chicago Art Institute are this week receiving their annual bath at the hands of John W. Pirard, for twenty years supervisor of sculpture at the institute. Mr. Pirard has assured the future cleanliness of the celebrities by providing that the secret or a preparation he uses in cleaning the plaster, go to the institute at his death.

KALAMAZOO, Mich., July 12.—Wage reductions amounting to approximately two million dollars a year went into effect yesterday in all paper mills of southwestern Michigan. About three thousand workers in the ten mills here and five thousand workers in other plants are affected. The cut, which was protested by the employers, amounts to 13 per cent for skilled workers and 30 per cent for unskilled laborers.

SUPERIOR, Wis., July 12.—While the steamer E. A. S. Clarke lay safe at its wharf in South Chicago today a local newspaper received a telegram filed at Milwaukee last night, saying the vessel had gone down off Whitefish point, Lake Superior, with a crew of thirty-three men.

The message was signed "Interlake Steamship company," but officials of that company immediately declared it a hoax.

"Probably the revenge of a drunken sailor who was fired," marine men here said.

GO ON MOTOR TRIP
Dr. and Mrs. A. L. Adams and daughter Minna, are expecting to leave Wednesday for a motor trip of about ten days. They will go to Chicago by way of Peoria.

PROHIBIT ANY NEGOTIATIONS WITH RAILROADS

Heads of Big Four Brotherhoods Issue Order

(By The Associated Press)
CLEVELAND, O., July 12.—Instructions were issued today by the heads of the Big Four railroad brotherhoods and the Switchmen's Union of North America to all their chairmen on all railroads in the United States prohibiting any negotiations with the management of any railroad with reference to working rules and conditions, pending a conference with a committee of the American Association of Railway Executives. At the same time, a formal request for the appointment of a committee for such a conference was addressed to the chairmen of the American Association of Railway Executives.

Must Not Change Rules
The instruction specifically directed the organizations' chairmen in no event to agree to any changes in rules until further instructions have been issued. The committee was further instructed to file protest immediately in case any road gives notice that revisions in agreements or elimination of time and one-half pay or both are to become effective arbitrarily.

At the proposed conference the executives acting on instructions of the joint meeting of 600 general chairmen in Chicago early this month to consider the 12 percent wage reduction which went into effect July 1, will seek to ascertain the attitude of the railway executives toward proposed further reductions, changes in rules, elimination of time and one-half pay for overtime and similar questions.

Following the requested conference with the railway executives the entire question is to be submitted to a referendum vote of the members of the five organizations not later than September 1.

HARDING SIGNS NAVAL MEASURE LATE TUESDAY

Carries Approximately Four Hundred and Ten Millions

(By The Associated Press)
WASHINGTON, July 12.—The annual naval appropriation bill was signed late today by President Harding.

The bill carries approximately \$410,000,000 and its signing ended the technical lapse of navy funds which had existed since July 1, when the fiscal year began. Under the bill the appropriations for the fiscal year are authorized to cover up any technical deficits because of the lapse. Enactment of the bill was agreed upon after the senate had abandoned its fight for amendments authorizing the construction of new airplane carriers and Pacific coast naval stations. As finally accepted it carries the Borah amendment "authorizing and requesting" the president to call a three power naval disarmament conference.

The bill represents a decrease of about \$86,000,000 in the original senate figures and an increase of about \$14,000,000 over those first advocated by the house.

WILL INVESTIGATE FINANCIAL OPERATIONS

(By The Associated Press)
WASHINGTON, July 12.—An investigation into the financial operations, accounts and practices of the Western Pacific Railroad company, the Denver & Rio Grande railroad company, the Western Pacific Railroad company and the Denver & Rio Grande Western Railroad company was ordered today by the interstate commerce commission.

The investigation it was announced will undertake to establish the relations of the road with each other and "determine the manner and methods in which the business of the companies have been conducted with the view of making a report and issuing orders that may be proper in connection with the issue of securities by the companies.

INCORPORATE WOMEN'S CITY CLUB OF PEORIA
Springfield, Ill., July 12.—The Women's City Club of Peoria was incorporated here today.

AMERICAN RAILWAY EMPLOYEES GET WAGE REDUCTION AUGUST 1

Cut of Six Cents an Hour to be Made Effective on August 1—Will Slice About Eight Million Dollars Off of Their Annual Labor Bill—Hearings Were Held Early in June

(By The Associated Press)
CHICAGO, July 12.—Employees of the American Railway Express Company will receive a wage reduction of six cents an hour beginning August 1, under a decision of the United States railroad labor board. The cut will affect all employees of the company except a few hundred shopmen, about 60,000 workers, or 25 per cent under the normal force being in the express service at the present time. No reduction of express rates is contemplated at this time as a result of the wage cut, express company officials said today.

It is estimated that approximately \$8,000,000 will be sliced off the annual labor bill of the company. The company normally employs between 70,000 and 75,000 workers.

In its petition to the labor board several weeks ago, the company asked restoration of the rates of pay in effect prior to the board's \$30,000,000 wage award to express employees on August 10, 1920. A uniform increase in rates of 16 cents an hour was granted by that decision. Today's ruling takes away less than half of the 1920 award.

Hearings Were Held
Hearings at which both sides presented considerable testimony to the board were held early in June. The company recited its difficulties due to the general slump in business the past few months and contended that its labor bill must be reduced on account of lack of business and alleged reductions also because of alleged lower cost of living and general wage decreases in other industries.

The American Railway Express company is a consolidation of seven large companies which were brought together under the federal railroad administration during the war. The director general of railroads granted the expressmen an increase of \$25 a month in April 1919, the increase being retroactive to January 1, 1919. Hours of service and overtime rules resulted in increased compensation to the employees in September 1919. A year later the labor board granted its 16 cent increase retroactive to May 1, 1920.

Under the transportation act wage adjustments must be considered in conference between the carrier and the employees and in event of disagreement the dispute may be taken to the labor board. The company called such conferences in May but the employees refused to consider any reduction.

The case was then taken to the board. The clerk's union and the order of railway expressmen handled the case for the larger number of employees other workers being chiefly teamsters and chauffeurs, represented by the International Brotherhood of Teamsters, C. cauffers, Stabimen and Helpers of America.

ALLEGED UNNECESSARY EXPENSE INCURRED
(By The Associated Press)
CHICAGO, July 12.—Testimony purporting to show that the Chicago, Burlington & Quincy railroad company incurred an unnecessary expense of approximately \$254,043 in violation of the transportation act of 1920 by sending its locomotives to outside repair shops was presented today at the investigation being conducted by the interstate commerce commission. The hearing which has been in progress three days was concluded today unless the commission grants the request of the railroad company for an opportunity to present its case before the entire commission. The hearing has been conducted before Examiner F. H. Barclay.

The current, maximum and minimum temperatures as recorded Tuesday were:

Jacksonville, Ill. . . . 85 100 69
Boston 64 68 62
Buffalo 76 84 74
New York 76 80 68
Jacksonville, Fla. . . . 80 88 74
New Orleans 84 78 73
Chicago 84 90 70
Detroit 80 88 76
Omaha 88 96 74
Minneapolis 88 96 74
Helena 79 82 58
San Francisco 56 62 52
Winnipeg 74 78 56
Cincinnati 82 90 66
Escanaba 82 90 74

WEATHER REPORT
ILLINOIS.—Mostly fair Wednesday and Thursday, except possibly local thunderstorms in extreme north portion; continued warm.

CENTRAL WEST IN GRIP OF HEAT WAVE
CHICAGO, July 12.—The entire central west was suffering today from a heat wave of unprecedented length in many localities. Temperature records were broken at several points and two deaths were reported in Chicago.

That is an excellent motto, "A Warless World." That the International Christian Endeavor society has adopted. It is questionable, however, as to the ability of the officers of the organization to immediately tell the United States government just how this greatly to be desired condition can be brought about.

A St. Louis pastor has announced that he will have huge cakes of ice in the auditorium in his church next Sunday. In some of the cakes there will be frozen

bouquets or fruit upon which the interested audience may gaze. With such a continued period of hot weather this sounds like a needless waste of ice. A minister using such methods must be in a very difficult state to gather in an audience.
You may not have felt very enthusiastic when you paid your local wheel tax, but if you ride about the streets of Jacksonville now you can certainly find satisfaction in the repair work that the wheel tax fund made possible. Some of the very roughest places in the pavements have been smoothed out in a wonderful way by the application of a coating of cement and crushed rock for which the tax money paid.

The robbery of the Mercedes postoffice does not prove the need for a state constabulary. It does show, however, another instance of the increasing number of down state robberies of banks, stores and postoffices. Evidently there is some need for additional police protection in the smaller towns.

As already suggested, the position of President Harding with reference to bonuses for ex-service men at this time will not make him popular with the ex-soldiers. However, there is no denying that there is an unanswerable logic in the president's message if the good of the whole people is made a matter of first concern.

It's not a new effort that the city administration is now making to have Jacksonville a weedless city. Such a movement is necessary every year. The surprising thing is that so many citizens who are wholly law-abiding in other ways are very careless about this matter of weeds. The ordinance is specific requiring the removal of these weeds, which are so unsightly and an absolute detriment to the public as they harbor disease germs.

It is the announced intention of the administration to take the necessary steps for the enforcement of this law. If property owners fail to comply now that their attention has repeatedly been called to conditions.

The Decatur Review mentions that 57 persons made application for superintendency of the schools there. Either the position was very desirable or it is not as difficult as was true a year or two since to secure the services of school men. But the strangest thing about the Decatur situation is that quite a number of the applicants since they were not appointed have written to ask the board for the reasons. Since only one man could be named, it does not seem that much explanation would be necessary.

One the other hand, possibly the inquiring applicants want to find out the reason for their failure to receive the appointment so that when applying next time they can correct any poor impression made at Decatur.

THE FINANCIAL OUTLOOK

Dismissing general business conditions, the monthly pamphlet issued by the National City Bank of New York says that the general trend of business and industry during the month of June was quiet and repressed. It declares that some hopeful signs have appeared side by side with others which give less encouragement.
"The plain truth of the thing is that the recovery of business, for which everybody has been hoping and waiting since the depression began last year, has not yet materialized. No one's interests will be furthered by an ostrich-like attitude which buries its head in undue optimism, and makes glowing predictions for the immediate future, predicated wholly on a magnifying of the favorable symptoms. It is easy enough and pleasant enough, to lull anxiety by such a process of reasoning, but what is wanted now is a general realization of the obstacles that must be met and overcome, more than a light-hearted prevalence of optimism founded only on half truths." The pamphlet continues:
On the other hand, an attitude of unwarranted pessimism can be

just as harmful, if not even more so. We know that our banking system is intrinsically sound, and that it has already proved its capabilities to withstand the shock of a period of extraordinary strain, and to emerge unscathed from the most difficult test imposed in many years. We know that our ability, as a nation, to produce the raw materials which our people need, and which the world must buy from us, has been in no wise dwarfed. We know, finally that our industrial and business organization is geared for production not only ample for our own needs, but on sufficiently large proportions to make export on a considerable scale a vital necessity.
These are fundamental facts, so plain that they cannot be misinterpreted. It is hard to understand how, knowing the foundation upon which our business life rests to be as rigidly secure as it is, there can be any doubt as to the final recovery. It is progressing no more sluggishly now than in 1903 and 1904, when we were passing through a somewhat similar period, or in 1907 and 1908.

RADIATORS MADE as good as new with our new core system and you can have your car back the same day. BRADY BROS.

ROBINSON SHOWS SEEN HERE TUESDAY

People Well Pleased With Circus Ring Events—Hospital E-Service Men Guests of Management

The John Robinson circus, said to be the "oldest of them all," came to Jacksonville Tuesday morning. The arrival was on time at about 5 o'clock and this made it possible for the whole day's program to proceed according to schedule. The street parade—and it was a good one—moved promptly at 10:30 a. m. and the afternoon performance began at 2 o'clock. The evening at 8 o'clock the second performance was in order.

The afternoon attendance was not large because of the terrific heat, but at night the big tent was practically filled with people. The audience was made up of residents of Jacksonville and the territory for miles around.

Altho there are plenty of well groomed horses with the Robinson aggregation, the equestrian features do not predominate and the show programs included a great deal in the line of vaudeville. The clowns for the most part were good and kept the youngsters and adults in fine humor. Then there were trained animals together with the acrobats and wire dancers.

The two rings and platform were constantly crowded with real circus day attractions, and the audiences here were well pleased. After the afternoon performance came the usual concert, which was quite well patronized as were the various side shows.

During one of the rough riding stunts last night a cowboy fell from a horse and was carried from the ring on a stretcher. Dr. H. A. Chapin gave him first aid attention and it was found that the injury was not of a serious kind, altho the man's arm was badly bruised.
When the management heard that a number of ex-service men were taking vocational training at Jacksonville State hospital, arrangements were immediately made to have them visit the show as the guests of the Robinson company, and they occupied some of the best seats in the grand stand. After the regular performance they attended the wild west concert and also enjoyed the refreshments that the company representatives served.

The reloading work began about 10:30 o'clock and in the early morning hours the train pulled out over the Burlington for Macon, the next stop in the itinerary.

NOTICE TO CUT WEEDS
The city ordinances provide for fine for persons who refuse to cut weeds on their property. Notice is hereby given to all property owners that these weeds, which are both unsightly and unsanitary, must be removed. Unless the ordinance is complied with voluntarily the city will have the work done and fines imposed. Conditions are such that this law will now rigidly be enforced.
FRANK KILORAN,
Chief of Police

FORMER FRANKLIN MINISTER DIES
Mrs. David Jaeger of Franklin yesterday received a message telling of the death of Rev. Mr. Miller, a former pastor of the Methodist church in Franklin. For several years past Mr. Miller has been a resident in an Indiana city. A great many people in the Franklin neighborhood will be sorry to know of the minister's untimely death.
Mrs. Benton Nicks of Springfield is here for a few days' visit at the home of her parents, Mr. and Mrs. Ensley Moore.

HARMONY LODGE
No. 3 A. F. & A. M. will hold a special meeting this evening at 7 o'clock. WORK. Visiting brethren welcome.
W. A. Crawley, W. M.
John R. Phillips, Secretary.

Milton Trotter of Sinclair and S. M. Jumper of Ashland spent Sunday in Decatur.

OLD JACKSONVILLE GOV. REYNOLDS (BY ENSLEY MOORE) Member Illinois State Historical Society

John Reynolds was one of the most remarkable men that has been noted in the history of Illinois. If he never lived in Jacksonville, he at least governed it as chief magistrate of the state, and he represented it in congress. He was born in Montgomery county, Pennsylvania, in 1788, or Irish parents, and was brought to near Knoxville, Tennessee, when a baby, coming from there to Illinois in the year 1810. He served in the War of 1812, in the Rangers, and was afterwards called "The Old Ranger".

He was not only Governor but a judge of the Supreme Court of the state, several times a member of the legislature, and member of congress, besides holding several lesser offices. He was also an author.

And wrote several books, one being "My own times" published in 1855. He died in 1865. He was very decided in his views, and outspoken with them. His book was practically a history of Illinois during his life here and is exceedingly interesting and valuable, as showing what this state was from 1800 to 1855.

Diamond Grove.
In the early days a forest standing out into a prairie was a thing to steer a prairie schooner by, and our beautiful grove was noted in that way.
Mr. Reynolds said: "The most beautiful region of country north of Greene county, and west of Sangamon, having in the center the Diamond Grove, commenced to settle in 1819, and in 1823 was formed into a county. A member of the legislature proposed the name of Morgan for the new county, and it was adopted by acclamation, in honor of Gen. Morgan of the Revolutionary army. I was present, and my heart responded to the name with enthusiasm."

"The Sangamon country" as this region was at first called "became famous and known all over the west as the most beautiful country in the Valley of the Mississippi. x x The Indians long before a white man saw the Sangamon country, were apprised

of its fertility and rich products. In the Pottowatomi language Sangamon means "the country where there is plenty to eat."

Governor Duncan.
Mr. Reynolds resigned his office of Governor in November 1834 to become a member of congress. He was succeeded in the gubernatorial offices by Joseph Duncan, of Jacksonville, also one of the heroes of 1812. Parties began in this state about 1824, Daniel P. Cook, being member of congress, and candidate for election, and very popular, but Reynolds says: "but a young man, of an agreeable and amiable disposition, Joseph Duncan, a native of Bourbon county, Kentucky, entered as a candidate for congress against Cook. x x Duncan was elected by the Jackson party by a large majority." In 1826, Reynolds ran for, and was elected to congress in August, 1834. He says: "At the same election Gov. Kinney and the Hon. Joseph Duncan, were candidates and Mr. Duncan was elected."

Illinois College
Under the head of institutions of learning, Gov. Reynolds said this, in part, regarding Illinois College: "The Rev Mr. Ellis, a Presbyterian preacher and missionary, from New England, about this time commenced a college he located in Bond county, x x It was finally located at Jacksonville, as that town had subscribed more funds to the institution than Springfield or any other place. A small building for a college at first was erected in 1829; about that time an association of theological students was formed in Yale College x x to establish a college in the West. A correspondence was commenced between them and the trustees of the Jacksonville Seminary and a union formed. x x The institution was organized and called Illinois College, x x and Edward Beecher was elected the first president. The trustees prevailed on Professor John Russell to make the inaugural address in Latin, and he did so to the entire satisfaction of the literary present."

Deaths

Frayser.
The death of Mrs. Gordon V. Frayser occurred in this city at 7:30 o'clock Monday evening, following an illness of brief duration. The remains were removed to the Gilham Funeral Home and later shipped to East Liverpool, Ohio, the former home of the deceased. Funeral services will be held there and interment will be made in Riverview cemetery.
The deceased was the daughter of Mr. and Mrs. U. G. Funk and was born Sept. 15, 1896. Her marriage to Gordon V. Frayser took place at East Liverpool, Ohio, Dec. 5, 1916. To this union was born one son, James Gordon Frayser, who survives together with the husband. The deceased was a member of the M. E. church at East Liverpool and was a woman who had the respect and esteem of all who knew her.

WITH THE SICK

Phillip Burmes of White Hall became a patient at Passavant hospital Tuesday.
Mildred, the little daughter of Mr. and Mrs. Jacob Long, continued in a very grave condition yesterday with high fever.
The little child of Mr. and Mrs. Chester Hemphill seemed about the same yesterday.

FRANKLIN HOME-MAKERS
CIRCLE GUESTS AT PICNIC
Members of the Homemakers Circle of Franklin enjoyed a picnic at the reservoir park Tuesday evening, as the guests of Mrs. James Sinclair, who is the president of the club. Assisting Mrs. Sinclair as members of the executive committee were Mrs. Henderson and Mrs. Newton Woods.
The supper, for which most generous arrangements had been made, was served at 6 o'clock. Afterward the time was spent with boating and fishing, and in every way the event was enjoyable.

THE BIRTH RECORD
Born, July 10 to Mr. and Mrs. R. B. Wain, Towanda, Illinois, a daughter, Hazel Earline. The parents were formerly residents of Sinclair.
Born to Mr. and Mrs. Raymond Massey of South Main street a daughter.

CHICAGO CHILDREN
COMING THURSDAY
The "Fresh Air" children who are coming from Chicago for a two weeks outing will arrive over the C. & N. St. L. next Thursday evening at 7:15. They will be met at the train, and will be taken in automobiles to the homes of their various hosts.

CONVENTION ADJOURNS
The sixth annual meeting of the Illinois Typographical union closed its sessions Tuesday morning. Only routine business was transacted at the final session. The delegates returned to their homes Tuesday afternoon. The convention was one of the most successful in the history of the organization.

Noel Andrews and wife of Buckhorn region were callers in the city yesterday.

LONG TIME RESIDENT OF SCOTT COUNTY DIES

Mrs. James Y. Peak Passed Away Tuesday Morning After Brief Illness—Other News from Winchester and Vicinity.

Winchester, July 12. — The death of Mrs. James Y. Peak occurred Thursday morning at the family home south west of town. Mrs. Peak had been ill for a period of two weeks but had seemed to be improving, and even in the early hours of Tuesday morning an improvement was noticed. So the news of her death came as a special shock to the members of the family and to friends.

The deceased was a daughter of Richard and Margaret Hamilton, long time residents of Scott county, and she was born on the Hamilton farm a short distance west of Winchester. Following her marriage to Mr. Peak their home was established in the same neighborhood.

Mrs. Peak, who was about sixty years of age, was a woman of kind heart and generous impulses. She was always ready to assist her neighbors and other friends in time of trouble, and in many ways she endeared herself to the community.

The deceased was a faithful member of the Baptist church. She survived by her husband and two daughters, Mrs. Melvin Murray and Mrs. John C. Moore. She also leaves one sister, Mrs. Campbell, and two brothers, Wesley and Edward J. Hamilton.

The funeral will be held Thursday afternoon at 4 o'clock at the Baptist church, with the services in charge of Elder Murray and Rev. W. R. Johnson.

News Notes
Otto Henry and family have returned from an automobile trip to Patons in the eastern part of the state. Miss Laura Crays of Armstrong returned with them for a visit in Winchester.

Mrs. Jameson of Pittsfield spent Tuesday at the home of her son, William Jameson, northwest of town.

Mr. and Mrs. George Hoagland Mrs. Winifred Pieper, Mr. and Mrs. Russell McLaughlin, Guy Paul, Albert Andell and daughter, W. L. Barchaw and family, together with other Scott county people, made a trip to Jacksonville Tuesday to attend the Robinson show.

Mr. and Mrs. Robertson of Alton were Tuesday visitors in Winchester.

FORMER RESIDENTS MARRIED IN HAVANA

Miss Mary Donnelly and Fred Hall Were United in Marriage Last Friday—Will Reside in Springfield.

Miss Mary Donnelly and Fred Hall, both of Springfield, were married in Havana Friday evening by the Rev. Father O'Brien. The bride and groom are both well known in Jacksonville. They were quietly wedded, without the knowledge of their friends.

The bride is the daughter of Mr. and Mrs. Joseph Donnelly of Bloomington. She has just completed her course in nursing at South Bend, Indiana. Formerly, she was a nurse at Our Saviour's hospital here.

The groom is the son of Mr. and Mrs. John E. Hall of Springfield, and a grandson of Mrs. Elizabeth Nagle, 7118 North Main street, Jacksonville. For several years he has been a candy salesman for the John W. Bunn wholesale grocery firm of Springfield.

Mr. and Mrs. Hall are living in Springfield. Last Sunday they returned to Jacksonville for a motor to Jacksonville for a

PRESIDENT IS MISUNDERSTOOD

Secretary of Japanese Embassy Tells Countrymen That Harding Wants to Maintain Peace With Nipponese.

TOKIO.—(By the A. P.)—"It is regrettable that the real character and policy of the new American president should be misunderstood by some of the Japanese people," said Micho Kaku, secretary of the Japanese embassy in Washington who has just returned on furlough, when interviewed by the Asahi representative. Mr. Kaku continued: "The president has often had occasion to express his conviction that an Anglo-American-Japanese entente should be made the basis of world peace. There's a reason to believe that the American president and his staff are all in favor of the maintenance of friendly relations between America and Japan."

ment limitation produced a favorable impression on American minds in general although the plan was defeated in the Japanese lower house.

Wanted to Learn About War
"On my way back, I was often asked by American friends when the American-Japanese war was going to break out, and some young American women I met in the country districts assured me that they were determined to offer their services as hospital nurses upon the outbreak of American-Japanese hostilities. "I was rather surprised that so many Americans should anticipate an American-Japanese armed conflict. My impression is that the Americans are prepared to fight if challenged, but otherwise they will be the last to take up arms against the Japanese. The diplomatic relations of the two countries are not, therefore, by any means so seriously strained or going to be strained as to justify any anticipation of an American-Japanese war. If the situation appears to be anything but quite smooth, that is only because of

the propaganda of some Chinese and Bolsheviks."

In the Osaka Mainichi, Mr. Kaku is quoted as saying that what had struck home particularly during his three years' service in the United States was the deep impression which Japan's militarism had made on American minds. The general impression among Americans is that the military party is predominant in Japan and that the Japanese government is under its influence. This bears witness to the extensive injury which the existence of the military party in Japan is doing to the country's cause.

But Mr. Kaku emphasized that Mr. Ozaki's disarmament speeches had produced a greater echo than expected and that Americans generally interpreted these speeches to indicate a decline in the influence of the Japanese military party.

He was convinced also that as a result of the friendly attitude of the new American government, the "anti-Japanese" situation in the United States had improved very considerably.

CHARLES DE FREITAS WEDS IN CALIFORNIA

Young Man Well Known Here Is Married in Tracy California.

Tracy, Calif.—Before the beautifully decorated altar in the Methodist church Tuesday morning Charles de Freitas and Miss Gladys Westlake plighted their troth in the presence of a large company of friends. The ceremony was performed by Rev. R. L. McArthur of San Jose, who a few years ago was the pastor of the local church.

The ceremony and setting was one of the most beautiful ever witnessed in Tracy. Flowers in profusion transposed the church into a veritable fairy land. Shortly after 10 o'clock the bride appeared at the entrance of the church upon the arm of her father and accompanied by the maid of honor, Miss Alma Foster, cousin of the bride, and six bridesmaids, dressed in pink, yellow and lavender, followed the little ring bearer, little Georgia Anne Good, to the altar where they were met by the groom and Kenneth Westlake as best man. The maids were Miss Leotta Totten, Marian Hull, Frances Sage, Minnie McArthur, Elva Allen and Elsie See. Mrs. B. L. Crowder played the wedding march.

Here the Rev. McArthur read the ceremony of the Methodist Episcopal church which united two loving hearts as husband and wife. After receiving the congratulations the couple were driven to the home of the bride's parents where a sumptuous wedding breakfast was served and they departed for a short honeymoon in the Santa Cruz mountains.

The bride is the eldest daughter of Mr. and Mrs. F. H. Westlake, and has spent her girlhood days in Tracy where she has made a host of friends. She is a splendid girl of fine character. She has been quite active in church work, and has a beautiful soprano voice which she uses in an unselfish manner in the church and community singing. She looked her best Tuesday in her wedding gown of white and her white veil gathered with a wreath of orange blossoms.

Mr. de Freitas has made his home in Tracy for a number of years and has been a trusted employee of the Good Lumber company. He is a young man of sterling character and will make a fine husband for the girl of his choice.

OIL MEN HAVE OWN PECULIAR LANGUAGE

The Uninitiated Are at Loss to Understand What Is Being Talked About.

TULSA, Okla.—Oil men have a language all their own, as it were, for the oil industry, like others, has a number of more or less technical terms and phrases connected with it that are not generally understood outside the oil field districts.

For instance, "shooting a well" has an entirely different meaning from that applied in river navigation to the term "shooting the rapids." In the oil country the phrase means the lowering into the well of several dozen quarts of nitroglycerine and allowing it to explode in the bottom of the well in the oil sand.

Oil wells are drilled much like artesian water wells. A "rig," or tall pyramid framework, is erected over the spot where the well is to be drilled. At various stages during the sinking of the well it is cased in by steel pipe, the joints of which are screwed together, making a continuous pipe. This serves to keep out water and to keep the well from caving.

As the well is bored deeper, the size of the casing is reduced in order to keep putting it down inside of that already in place. Two of three changes, or possibly four, are all that are usually made in reducing the size of the casing.

If no oil is found the well is termed a "dry hole." If gas is found, it is a "gasser." A producing well is named according to the number of barrels of oil it produces in 24 hours, as a 50-barrel or a 500-barrel well.

Oil as it comes from the ground is called "crude oil." It is carried to the refining plants in pipe lines, from pipes ranging all the way from 3 to 10 or 12 inches in diameter, or in the railway tank cars. There it goes through the refining process.

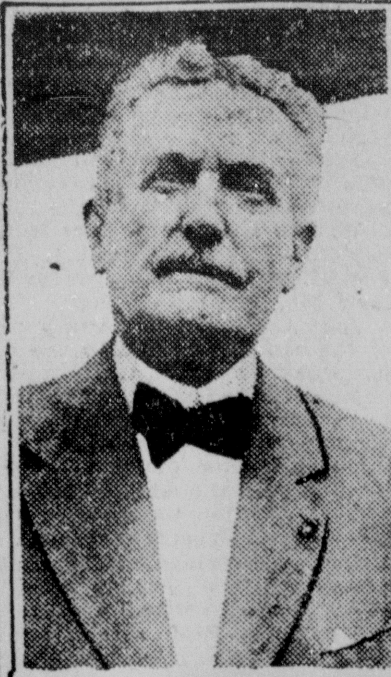

Although all oil men lease the land on which they drill, paying "royalties" from one-eighth to one-sixteenth of the value of the oil produced going to the owner of the land. A "location" is a piece of land on which a well is drilled. It varies from 300 to 500 feet square. Thus in a field that is closely drilled, each well will have wells on four sides of it between 300 and 500 feet away. These wells are known as "offsets."

A "tank farm" is a tract of land on which are located a number of large storage tanks for oil.

"Test wells" are the first wells drilled in a territory where oil has not been discovered. "Wild cat" wells are those drilled in territory where geologists have not found rock formations that indicate the presence of oil. A "pool" is an underground supply of oil, or oil sand saturated with oil.

The "Mid-Continent" field comprises the states of Oklahoma, Texas, Arkansas, Kansas, Louisiana, Missouri, Montana and New Mexico.

Off to France

Myron T. Herrick snapped on board the S. S. La France on his way to Paris to assume the post of United States ambassador. Herrick occupied that post under the Taft regime and proved to be the most popular envoy at Paris. He now succeeds Ambassador Wallace. Herrick was lieutenant governor and governor of Ohio and was defeated as the Republican candidate for senator.

WILL START FIREWORKS HE TELLS COMMITTEE

Fargo, N. D., July 12.—Threatening to "start the fire works with everything I have gathered in the five years of league work," if he is placed on the stand tomorrow to answer charges brought by the executive committee of the Non-Partisan League, George A. Totten, deposed business manager of the league's newspaper here today delivered what was practically an ultimatum to a special committee of league leaders.

A New Low Price on a Known and Honest Product

Read Journal Want Ads

Lucky? Why, man, I'm the Human Horseshoe!

I CERTAINLY was born.
UNDER A lucky star.
FOR INSTANCE the time.
I HOOKED my bonds.
TO PLAY the market.
ON A sure thing tip.
AND BOUGHT Slippery Ellum.
AT SEVENTYTWO.
FOR A healthy rise.
AND FOR seven days.
I HUGGED the ticker.
AND COULDN'T sleep.
ONCE IT jumped two points.
AND I walked on air.
AND THAT very day.
I SAW a sign.
IN A cigar stand.
THAT SAID "Satisfy."
IT GAVE me a hunch.
TO BE satisfied.
WITH WHAT I'd got.
AND NOT hog the deal.
SO I phoned my broker.
TO SELL me out.
AND THE very next day.
SLIPPERY ELLUM slipped.
TO FIFTY-FIVE.
SO NOW I've gotten.
BACK MY bonds.
AND BABY'S got new shoes.
AND NOW my regular smokes.
ARE THE cigarettes.
THAT "SATISFY."

WHENEVER you get that "Satisfy" hunch, play it. Steer straight for the nearest stand and invest in Chesterfields. This combination of fine Turkish tobaccos, blended with Burley and other Domestic leaf, will give you a new measure of cigarette enjoyment. You're in luck from that day on.

Chesterfield CIGARETTES

They Satisfy

Do you know about the Chesterfield package of 10?

A Successful Harvest Is Finished

Now is your inning to show business ability. Do not lose a dollar trying to save a penny. Poor out-of-date farm equipment is costly to the owner. NOW is the time to purchase.

The Primrose Cream Separator

The extra amount of cream taken from your milk will soon pay for the separator, to say nothing about the convenience and satisfaction to the user and at our special reduced price you should investigate.

The United Power Washer—the real home help—with the United Engine, makes washday a holiday. This is to help the housewife.

The International Straw and Manure Spreader helps build up the fertility of your farm. The Titan 10-20 with the P & O tractor plow allows you to plow "NOW"; no weather too hot or ground too hard. This means conserving your moisture and fertility. Future crops when plowing this way means an increase in future crops.

BUYING OXEN

Connecticut Farmers Turn Back to Ancient Methods While Western Farmers Go to Tractors.

Kansas City. — (By the A. P.) — While thousands of tractors are reported to be on their way west, shipped to farmers from eastern manufacturers, there is a representative of Connecticut farmers in Kansas City buying oxen to work on Connecticut farms. This man is C. F. Colcoid, an Illinois farmer, who also operates

in Connecticut, and represents farmers there.

Mr. Colcoid attends the sales at the stock yard, keeping on the lookout for old steers which would not be very good as beef cattle but which are usable as work cattle. These he buys and sends back to Connecticut where they are auctioned off to farmers. Owing to the condition of the hilly country he stated that they are the most practical motive power for pulling plows and farm machines.

Mr. Colcoid's peculiar mission has attracted the attention of many farmers who come into the yards with stock and he has been the butt of jests at the old fashioned means used "back east" when the west is turning rapidly to motorized farm machinery. In reply to these humorous remarks he said:

"You know Connecticut farmers are a little old-fashioned. It is a common practice among these Yankee farmers to cut grain by hand and to plow with a team of oxen. All these cattle I send back are auctioned off by the head, some farmers coming as far as fifty miles to attend these sales."

ELECTRIC PLANT

BROKE DOWN
The circus yesterday had a special electric light outfit for the sleeper train occupied by the professionals and it gave out. Joy Brothers were first called in and they turned the job over to Doyle who is agent for the DeLo machine and the gentleman put the plant in shape.

DEMAND FOR FARM LABOR STILL GOOD

Wages While Lower Than Last Year Are Still Good—Still Many Unemployed in Some of Industrial Trades.

SPRINGFIELD, Ill. — (By The A. P.) — With the wheat harvest and haying progressing at full tilt over the greater part of Illinois, reports received from the free employment offices in the state by George B. Arnold, director of the Illinois department of labor, indicate that the demand for farm labor has been and still is very good and that a sufficient number of farm hands have been secured to supply the demand.

Harvest wages for the most part have been \$4 a day. A few reports have been received that \$5 a day has been paid. This is a slight reduction from wages paid last year.

"On the whole the farm hand fares better even with a 50 per cent reduction in wages over his city cousin," states the report received by Mr. Arnold from Aurora.

The employment situation as a whole is less acute than it was earlier in the spring, the reports show. This is due primarily to resumption of building activities, road projects under way, and the general need for farm help at this season, according to the tabulated reports. Industrial conditions remain about the same.

Aurora reports a shortage of women and girls for house work while factories employing women and girls are very busy and have above the normal number of workers on their payrolls. Most of these make corsets and ladies' garments.

Resume Operations
Two large Decatur industries, giving employment to more than 700 persons, have resumed full time operations. One came back with a slight reduction of wages. Opening up of public improvement enterprises in Decatur has also increased the demand for common labor. Demand for farm

hands has exceeded supply and calls have been sent to the Decatur free employment office from DeWitt, Logan, Piatt and Christian counties.

Joliet reports a scarcity of farm labor and a demand for about fifty experienced hands. Up to the first week in July the free employment office there had been able to supply the demand.

The report from Rock Island states that the Rock Island Arsenal shops have temporarily laid off 1,200 men, that two or three factories have indicated they will put on extra men immediately, and that there is considerable distress among laborers who have been out of work for some time and are anxiously awaiting the resumption of business.

In Danville it is reported that unemployment increased during the month of June and is still growing. Coal mines are running two days a week and building trades half time. Farmers have not been hiring men and hundreds have applied for work. Many went to the Kansas wheat fields. Road work, which is to be started in Vermilion county about the middle of this month, is expected to give employment to a large number of laborers. The work is paying 35 and 40 cents an hour, it is reported to the state director.

Conditions Better
Bloomington reports that industrial conditions there are showing improvement. Seven of their local industries are again operating with normal forces and report business good. The Chicago and Alton shops, which have been operating for the past two months with a 50 per cent force, are again working a full crew. Wheat and early oats are being harvested and the demand for farm labor has been good.

Rockford, according to reports, is enjoying a building boom which is furnishing considerable employment. Building permits issued by that city for June 1921 total 130 at a value of \$472,950 as compared with 174 permits in June, 1920, at a value of \$154,848.

Harvest is just commencing in the Peoria territory and the Peoria office reports a sufficient number of farm hands to meet the demand. Peoria industries are reported gradually getting back to pre-war conditions.

NEW VENIRE IS ORDERED FOR TRIAL

Chicago, July 12.—The first venire of one hundred men was exhausted today with only four jurors selected in the baseball trial and a new venire was ordered into court tomorrow when efforts to compel the jury will be resumed. The slowness with which the jurors are being accepted led Judge Hugo Friend to warn both sides that unless more speed were shown he would order night sessions in court.

SMALL VETOES

Springfield, Ill., July 12.—Governor Small today vetoed the Thon bill providing for segregation of mentally defective prisoners at state institutions. The bill was introduced by the legislature by Harry Olson, chief justice of the municipal court of Chicago, and Robert E. Crowe, state's attorney of Cook county.

The governor has until tomorrow to consider eleven other measures still in his hands.

OIL AND GAS COMPANY IS INCORPORATED

Springfield, Ill., July 12.—Articles of incorporation were issued by Secretary of State Emerson today to the Rocky Hill Oil and Gas company of Decatur, capitalized at \$200,000. The incorporators were J. M. Scherer, C. L. Broughton, and Ralph

AMERICAN LEGION INSISTS ON REPLY

(By The Associated Press)

SPRINGFIELD, July 12.—Illinois American Legion officials were insisting tonight on a reply to their recent message to the United States senators from Illinois, Medill McCormick and William B. McKinley, relative to their position on the soldiers' bonus bill. The following message was sent to Senators McCormick and McKinley by William M. McCauley, department commander for Illinois.

"The ex-service men and women of Illinois are still awaiting your answer as to whether or not you are going to support the Sweet bill and adjusted compensation now. We expect an immediate reply."

HIGGINS ON STAND TUESDAY

Corunna, Mich., July 12.—Forest Higgins, charged with first degree murder for the death of his fiancée, Lucy Wittum, on March 30, last, took the stand in his own behalf at his trial here today, and reiterated his previous statements that the girl killed herself by taking poison. He asserted also he attempted to prevent her action.

FORTUNATE TICKET HOLDER

Some time back the American Legion sent out a hundred thousand or more tickets at a dollar each, asking a dollar each for them in order to raise funds. They offered a series of prizes of varying values. Vincent Brierly of Griggsville held No. 58570 and drew a Nash touring car valued at \$1875.

AIRPLANE FLIGHT RESTORES SPEECH

INDIAN HEAD, Sask., July 12.

An airplane flight today proved the means of restoring the power of speech to Wilfred Verner, a young farmer living near here who had been unable to talk since kicked on the head by a horse a year ago. While attending a pic-

nle Verner took an airplane ride. When the aviator landed Verner was unconscious. When he recovered he found he was able to converse again.

WILL VISIT IN CHICAGO

Mrs. M. R. Range of 223 Pine street left Tuesday for Bloomington, where she will meet her daughter, Wilma, who has been visiting

relatives there for the past month. They expect to leave the last of this week for an extended visit in Chicago and Geneva.

Forest Whitlock of Nortonville made a trip to the city yesterday. Mrs. S. R. Black and son William of Waverly spent a few days recently at the home of Mrs. Morris Jumper in Ashland.

Come Take a Ride in the New STUDEBAKER Light Six—America's Best Car

AUTOMOBILE TURNS
TURTLE ON MOUND

An automobile owned by James Andell of near Winchester turned turtle on the Mound road west of the city Tuesday afternoon as the family were enroute to Jacksonville.

A daughter of Mr. Andell was driving the car and he was sitting in the front seat with her. She was having some trouble keeping her hat on and was in the act of passing it back to some of the family in the rear seat.

The car must have swerved slightly for Mr. Andell grasped the wheel and gave it a sudden turn and the car ran into the ditch and up the bank and then turned over.

Fortunately no one was injured but the top of the car was demolished. It was brought to this city for repairs.

MANY CHANGES

Mrs. Stephen Brainer of this city, was standing by the soldiers' monument in Central park and remarked:

"In 75 years I have seen a good many changes in this park. I well remember the old courthouse which stood in the southwest quarter. We thought it was a pretty good building when it was first erected but before it was torn away it was truly antiquated.

I have seen a part of the buildings around the square put up since I can remember. When the Strawn's hall was built we thought we had a pretty fine town and put on airs accordingly and at the time it was a fine structure and much needed though it had only a platform and all kinds of entertainments needing scenery had to erect their own affairs in order to get along at all.

The stores were generally small and had a small trade. The

space between Strawn's hall and the west corner of the square was all occupied by old frame houses and they held on a long time. Then the old Western House on the west side of the square was at one time popular but long since gave way to a better building.

VISITS CITY AFTER
MANY YEARS

Mr. and Mrs. J. H. Frame of Kansas City, their daughter, Mrs. Fuller and granddaughter, Emma Louise Fuller, were in Jacksonville yesterday traveling by automobile en route on their way to Cleveland, O.

It has been nearly forty-five years since Mr. Frame had visited Jacksonville. At the earlier date he was really a resident here for a year or more, as he was employed as a printer in the composing room of the Journal in the establishment on East State street. Mr. Frame has for a long period of years been proprietor of a job printing establishment in Kansas City.

While here yesterday he spent an hour or more with W. L. Fay, who was foreman of the Journal news room at the time that Mr. Frame was employed "on the case."

PROBATE COURT.

In the estate of John H. Brainer, authority was given the administrator, John McFadden, to make certain collections.

In the estate of Mary Ruark, letters of administration were issued to E. E. Watt and inventory filed and approved.

The co-partnership inventory of Greenleaf & Obermeyer, relating to the estate of the late C. A. Obermeyer, was filed and approved.

In the estate of Hanna Worthington, the report of A. L. Adams, administrator, was filed and approved.

In the estate of Anna Boddy, of which Lillian Anglo is administrator, authority was given to sell certain securities.

TAKING VACATION

B. B. Ridgway, city editor of the Jacksonville Courier, is spending a two weeks vacation at Palmyra.

BANDITS ROB MEN
ON WABASH TRAIN

Hold Up Men Beating Their Way Back from Harvest Fields and Relieve Them of Cash—One of Victims Thrown from Train.

Four men who boarded a Wabash freight train at Hannibal early Tuesday morning proved to be armed bandits. After the train had proceeded as far east as Barry, they held up five men who were bunning their way back from western harvest fields, taking all the cash they had. The robbed men were four negroes and one Mexican. One lost twenty-six dollars in the deal. One of the negroes was thrown off the train, landing on his head, but was not injured.

None of the train crew were robbed. Edward Walsh of Jacksonville was the conductor. The holdup occurred about 4:00 a. m. Between Neeleyville and Chapin, while the train was moving slowly up a long grade, the robbers got off and escaped thru the woods.

Sheriff W. H. Weatherford and Deputies Roach and Andrews, R. C. Markoe, a special Wabash detective, Chief Frank Kiloran, Captain Elliott, and Patrolmen Baker, Blue and Williams of the Jacksonville police force left early yesterday morning for the place where the bandits left the train, but did not succeed in finding any traces of the men.

MEN INJURED BY
FALLING POLE

Charles Setbetter and Ruel Challenor Hurt When Tent Pole Falls at Circus Grounds—Other Sick Folk.

Two men were brought to Passavant hospital Tuesday evening, after being hit by a falling pole at the Robinson circus. They are Charles Setbetter and Ruel Challenor, both of Rural Route 7, Jacksonville. The men were walking toward the kitchen tent when the accident occurred. Setbetter was struck on the head, and Challenor on the arm.

Mr. Challenor, after being taken to the hospital by his brother, found that his arm was only bruised, and was soon able to leave.

Men from the show took Mr. Setbetter to the hospital. He is still a patient there, and is suffering considerably from the shock.

The circus management provided medical attention for both the injured men.

Mr. H. Stevenson, attorney for the Robinson shows, has been sick at Passavant.

Richard Carey, five year old son of Dr. and Mrs. G. B. Carey of Perry, Illinois, was brought to the hospital Sunday, accompanied by his parents. Miss Bertha Houchins, a registered nurse, who is a relative of the family, has arrived from Denver, Colorado to attend him. The boy is in a very critical condition.

ALEXANDER

Alexander, July 12.—Dr. and Mrs. W. H. Schott and children left Tuesday morning for Waterloo, New York. They are making the trip in a Ford, and expect to be gone six weeks.

Sam Wilcox and daughter, Mrs. W. J. Kumle, and Miss Anna Colwell were in Springfield Tuesday.

Mr. and Mrs. George Walk and children, who have been visiting in Mayaville for about a month, have returned to Alexander.

Marion Seymour of Franklin is visiting at the home of Kenneth Miller at Alexander.

PLACING NEW GLASS

A new glass front has been placed in the Aircraft printing shop to replace one which was cracked last week. The old glass was completely broken Sunday.

Social Events

Westminster Society
Holds Meeting

Mrs. Mary L. Cunningham was hostess to the members of the Woman's Foreign Missionary society of Westminster church yesterday afternoon at her home on Mound avenue. Mrs. R. R. Stevenson, the president presided at the meeting and a very interesting paper was read by Miss Margaret Russell on "The Southern Mountaineers."

In a very interesting manner Miss Russell discussed the work of the Presbyterian Mission schools, among the southern people.

Following the paper the hostess passed cooling refreshments and a pleasant social hour was enjoyed.

Surprise Party for
Miss Harber

Miss Lucille Marie Harber was the guest of honor at a pleasant surprise party on the occasion of her fifteenth birthday Monday evening. The party was given at the home of her parents, Mr. and Mrs. Thomas Harber on Webster avenue and was planned by a number of Miss Harber's friends as a complete surprise to her. The evening was spent with music and dancing and at a late hour refreshments were served. There were ten couples at the affair.

Sunday School
Class Had Picnic

The Sunday school class of the First Baptist church, taught by Mrs. O. N. Barr held their class picnic at the park Monday afternoon from 3 until 7:30 o'clock. Games and amusements filled the afternoon and at 5:30 a delicious picnic supper was served. Miss Mary Getrude White and Mrs. Turner, superintendent of the Girls' intermediate department were special guests.

Mrs. O. N. Barr's Sunday
School Class Picnic.

Mrs. O. N. Barr's Sunday school class of First Baptist church held its class picnic Monday afternoon from 3 until 7:30 at Nichols park. Besides the members of the class there were two guests present. Mrs. Turner, superintendent of the Girls' intermediate department and Mary Getrude White. At 5:30 the picnic supper was served which was enjoyed by all. The girls voted the afternoon a success and said they would like to spend another one the same way.

ELKS, NOTICE

Regular meeting tonight. Initiation and important business. Last regular meeting until Sept. 14. Every member urged to attend. Visiting "Bills" welcomed.

P. T. Moriarty, E. R. E. P. Alexander, Sec.

PLACED ARROWS
ON COUNTY ROADS

T. M. Tomlinson and Earl M. Spink spent Tuesday afternoon in the eastern part of the county, putting up Jacksonville arrows. They drove east on the state road and returned by the south route. The Jacksonville men found a number of arrows placed by the Springfield Auto club, indicating the direction of both Springfield and Jacksonville.

The Elh Bridge Co. is furnishing these arrows without cost and a number of business men have joined in the good work of placing them.

CITY AND COUNTY

Mr. and Mrs. Arthur Henderson and son Wright Henderson of Jerseyville were in the city Tuesday. They were in company with Mr. and Mrs. Fred Burch of Franklin, at whose home they have been visiting for the last few days.

Alvin Edson was in the city yesterday on business from Beardstown.

Mrs. W. H. Coultas and daughter, Evelyn, and Mr. and Mrs. Clarence Blackburn and son, George, motored to Jacksonville yesterday from Lynnvillle.

The Woodson Presbyterian Missionary Society will meet Thursday with Mrs. Dowling at 2:30 p. m.

Mrs. Leo Bourne of the vicinity of Shiloh was among the city arrivals yesterday.

Newton Flynn and family of the east part of the county made a trip to the city yesterday.

P. L. Skillman of Leroy was visiting his old time friend, Sherman Dorand, yesterday.

Mr. and Mrs. Arthur Lindsey of Lynnvillle added to the list of city callers yesterday.

John Epler of the south part of Cass county made a trip to Jacksonville yesterday.

J. B. Carrigan and family of the south part of the county visited the city yesterday.

James Decker of Strawn's Crossing drove down to the city yesterday.

James Loughary of Grace Chapel vicinity arrived in the city yesterday.

Earl Bourn and family of the north part of the county came down to the city yesterday.

Mr. and Mrs. R. P. Adams of the west part of the county made a trip to the city yesterday.

Leonard Vieira and family of the north part of the county came to the city yesterday.

J. H. Phillips and family of Savage were among the visitors in the city yesterday.

Henry Waltman and wife of the county came to the city yesterday.

Mr. and Mrs. Elias Petefish of the vicinity of Grace Chapel came to the city yesterday.

Funerals

Bingman.

A large company of sorrowing friends attended the funeral services held for James H. Bingman at Hebron church Sunday morning at 10 o'clock. The services were in charge of Rev. G. T. Wetzel, pastor of the church, who spoke in an impressive way. The hymns sung by the choir of the church were all favorites of the deceased.

There were many beautiful flowers and these were cared for by Misses Erna Fox, Dora Ausmus and Opal Brown. Following the church service the cortege moved to the nearby cemetery, where the remains were laid to rest. The bearers were Felix G. Sims, W. B. McIntyre, N. T. Fox, W. L. Hopper, C. H. Ausmus and A. A. McNeal.

The following are some of the facts about the life of Mr. Bingman who had long been an honored resident of the county.

James H. Bingman, son of Samuel and Alabama Bingman, was born near Sinclair, November 6, 1849, and passed from life at his home in Jacksonville at 5 o'clock Thursday afternoon, July 7, 1921, having lived 71 years, 8 months and one day. He grew to manhood amid loved ones in most congenial home. On December 11, 1873 he was united in marriage to Miss Rachel A. Gard of Prineville. To them were born two children: David C., of Edgewood and Mrs. Lula McDaniel, of Jacksonville. Having lost his companion May 31, 1892, he was united in marriage February 20, 1896, to Miss Barbara Lowder of Mason, Ill., who survives him. To this union were born two children: Irene and Estalee, residing at home.

Besides his widow and children, he leaves one sister and two brothers, Mrs. Mary Stockton and Elsie E., of Sinclair, and Steven E.E. of Yatesville. Two brothers and two sisters, Eugene and Samuel Bingman, Mrs. Margaret Stockton and Mrs. Susan Lindsey, preceded him in death. He also leaves five grandchildren and many other near relatives. Mr. Bingman spent his entire life in the Sinclair community, until two years ago when feeble health compelled him to retire from farming and he took up his residence in Jacksonville. He was of a very quiet and gentle nature, and of sterling value of character. In his devotion to home was this beautiful character especially evidenced. Always mindful and considerate of others, and so long as possible assuming the responsibilities of life.

His illness extended over a period of about three years, during which time he expressed no murmur of complaint. Every kindness to him was greatly appreciated; especially the constant care of his faithful family. He fully realized his condition and was willing and anxious to go. His kindly nature won and retained for him many friends who will ever hold his memory in the highest esteem. Though his passing brings sorrow to the hearts of many, it has gained for him the much desired rest.

"LORAIN" OVEN HEAT REGULATOR

Also is Most Successful for
Canning-Broiling-Toasting
And for complete Meal Cooking

Canning—"The Lorain Way"

Blanch vegetables in boiling water from five to ten minutes according to freshness of vegetables. Plunge in cold water. Do not allow to stand in cold water. Sterilize jars, tops and rubbers in boiling water. Pack cans full of vegetables, add one teaspoonful of salt to each quart. Fill with boiling water, set on tops lightly (or raise first wire over top).

Place in oven at 250 degrees for three hours. Remove can and seal tightly. Test for seal by standing inverted over night.

Peas, beans, asparagus and other like vegetables can be canned by this easy and simple method.

Fruits can be preserved by this same way, using the accepted methods such as use of syrups, etc., for sweetening.

In other words, employ your familiar methods, but using the oven and cold water packing as outlined above.

ALL DAY SERVICE AT MANCHESTER CHURCH

Churches Join in All Day Meeting at Methodist Church Sunday—Other Manchester News Items.

Manchester, July 11.—The Methodist church invited the other churches to join in a union all day meeting Sunday and the result was a large crowd in attendance. At the morning service a splendid sermon was delivered by Rev. F. M. Rule of Jacksonville. At this service the musical program included a solo, "Beyond the Gates of Paradise" by Mrs. Meda Andras. At 3 o'clock the sermon was by Rev. Mr. Rapson, pastor of the Baptist church at Roodhouse. This also was a fine discourse. The special musical feature was a quartet number, "Ivory Palaces," by Mrs. Tressa Brown; Misses Ollie Walker, Florence Lemon and Nellie Smith. In the evening at 7:30 o'clock came the final service of the day, when Rev. Mr. Bell of the Methodist church delivered a powerful sermon. A duet "The Old Rugged Cross," was given by Misses Louise Pearce and Mrs. Alice Wallace.

At the noon hour a basket dinner was served, many joining in this pleasant feature of the day. Altogether it was an event which will long be remembered by those in attendance.

Mrs. J. T. Robinson received word Saturday of the death of her brother, Jess McMahan, which occurred at the family home in Hope, Kansas, Friday evening. Mr. and Mrs. Robinson left Saturday night for Geneva, Neb., where interment will be made. The deceased was born here and spent his early childhood and manhood days in this vicinity. He is survived by his wife, three sons and four daughters.

F. C. Lakin is the possessor of a new Ford.

Mr. and Mrs. D. C. Arnold and Mr. and Mrs. Fred Tendick of Jacksonville spent Sunday at the home of John Blakeman and family.

Mr. and Mrs. Herman Smith and daughter, Mr. and Mrs. J. W. Taylor of Winchester, were Sunday guests at the home of Guy Brown and family.

Mrs. William Duncan spent from Friday until Sunday in Jacksonville. Mr. Duncan went to Jacksonville Sunday and accompanied his wife home.

Elmer Sooy and wife visited the latter's parents Sunday in Jacksonville.

WOODSON S. S. CLASS VISITED CITY SUNDAY

Made Pleasant Visit at Old People's Home—Other Woodson News Notes.

Woodson, July 11.—The members of the Golden Rule class of the Christian church made a trip to Jacksonville Sunday and visited the Old People's Home. A brief program was given, including songs and recitations by some of the children and a short talk by Rev. I. H. Fuller. The ladies took with them a generous supply of ice cream and cake.

Harvey Harney is a patient at St. John's hospital in Springfield, having been taken to the capital city Saturday by C. C. Self and John Baxter.

Edward Gallaher is constructing a furnace on the premises of the Christian church in preparation for the chicken fry to be given July 21.

The services at the Woodson Christian church Sunday were of usual interest, one person making a confession of faith. The rite of baptism will be administered next Sunday.

REMAINS OF WHITE HALL SOLDIER EN ROUTE HOME

White Hall, July 12.—Edward Fisher was up from Belton Saturday on business pertaining to the war record of his son, Private John E. Fisher, who was killed in action at Belleau Wood, June 10, 1918. The remains are now en route home for burial, and Mr. Fisher says his family is divided as to whether to bury at White Hall or Belton. He says the boy claimed White Hall as his home, and the father added that he prefers White Hall because he knows no other community where the memory of soldiers is so well and consistently maintained. The mother, however, desires the burial to be at Belton. There is a difference of a little over four miles between the Belton and the White Hall cemeteries.

Albert Todd of Woodson was a visitor in the city yesterday.

EX-SOLDIER AND BRIDE TO LIVE IN WHITE HALL

Douglas Phillips Arrives From Germany With Belgian Bride—Has Fine War Record.

White Hall, June 12.—Mr. and Mrs. Douglas Phillips arrived from Germany last week. Mr. Phillips is a brother of Herman and Elza Phillips of Berdan, and he has furnished a good share of the war service record that belongs to the Phillips family. He and his bride have located at No. 303 East Bridgeport street, and will make their home in White Hall. He brought his bride from Mayen, Germany, where they were married last December, following an extended acquaintance growing out of her ministrations to the soldier boys in the camps. She is a native of Belgium, and has acquired a good knowledge of English thru her association with the American soldiers.

Mr. Phillips spent two and one-half years with the Army of Occupation in Germany, and his service consisted almost wholly of reconstruction labor. Herman, one of his brothers, is the one reported to have been killed, and the case aroused wide interest when his body was being shipped to Berdan while he had preceded his dead body home by several weeks. The matter was finally adjusted by his fixing his death on another soldier of that name, and the body was diverted to another address.

Elza, the younger brother, was in town Sunday, expecting to visit here weekly since his brother has located here, and will attend the Wendell class in the First Baptist Sunday school whenever possible. This class is taking on the proportions of a large and influential organization somewhat commensurate with the teachership of E. L. Wendell.

Just when a fellow wants a new clean STRAW HAT FRANK BYRNS offers real bargains.

CHAMBER OF COMMERCE IN NEW QUARTERS

The Chamber of Commerce yesterday moved into their new quarters in Myers Bros. Building, formerly occupied by the Elks. Most of the furniture has been purchased and installed, and the rooms present a very pleasing appearance.

The work of moving and arranging the quarters is being hurried in order that things may be in readiness for the Forum meeting to be held Friday night; at which time discussion will be held on the subject of the Ocean to Ocean Highway, which will be explained by Mr. Walshe of Hannibal, who has reorganization work in charge.

In addition to the members a number of citizens interested in the Ocean to Ocean Trail will be invited from the neighboring towns of Arnold, Orleans, Riggs-ton, and Oxville. Invitations for the citizens of these towns to attend have gone forward to them, and it is expected that a good attendance will be present. Refreshments and smokes will follow the business program.

Daily Market Report

SMALL DEALINGS ON STOCK MARKET

NEW YORK, July 12.—Successful periods of strength, irregularity and steadiness marked today's desultory and professional operations in the stock market. Total sales of about three hundred fifty thousand shares approximated the smallest dealings of the year.

The higher level of prices at the outset was directly due to President Harding's condemnation of the proposed tariff on oil imports. Foreign oils, particularly Mexican and Pan-American Petroleum and General Asphalt rose two to nearly five points.

Such diversified issues as steels, equipments, shippings, textiles, tobaccos, leathers and chemicals, most of which are at premiums because of the small floating supply also made extreme gains of one to three points.

Shorts stubbornly opposed the advance and many reactions occurred, although gains predominated at the dull close notwithstanding the sudden rise of call money. Call loans opened at 6 per cent but belated borrowers were obliged to pay 4½ per cent. All foreign exchanges were stronger.

Dealings in liberty bonds fell away appreciably and the tone was mixed.

Great Northern Pacific and C. & N. W. issues were strong, international no definite trend. Total sales (par value) were \$9,650,000.

WHEAT PRICES MAKE ADVANCE

CHICAGO, July 12.—Wheat went soaring in price today largely because of concern as to the crop outlook on both sides of the Atlantic. The market closed strong 5½¢ to 6½¢ net higher, with September \$1.24½ to \$1.25½ and December \$1.27 to \$1.27½. Corn gained 2½¢ to 3½¢ and oats 1½¢ to 2¢.

In provisions the finish varied from 7¢ decline to a like advance. Violent outbreaks of black rust on North Dakota wheat in the milk stage were reported by a leading expert and other disturbing advice which followed rapidly were taken as significant of sharp prospective curtailment of supplies.

Recognized authority sent word that owing to excessive heat many thousands of acres in North Dakota would not make five bushels an acre. Severe black rust damage was also reported from Minnesota and continued apprehension as to the pest in Manitoba and Saskatchewan.

With further news at hand that Great Britain, France, Belgium and Holland were drought stricken and no exports were looked for from Russia, prices mounted almost continuously. Extreme gains reached 6½¢ and the close was at nearly the topmost level of the day.

Broadening of demand, however, was confined in main to commission houses identified with the northwest. Continued lack of rain had a bullish effect on corn. Besides sales of 500,000 bushels to Europe was reported. Oats ascended with wheat and corn.

Heavy deliveries of lard together with weakness of the hog market counterbalanced in provisions the buoyancy of grain.

Kansas City Livestock Market (By The Associated Press)

Kansas City, Mo., July 12.—Cattle—Receipts 6,800; beef steers and she stock July 15 to 25c higher; top heavy steers \$8.35 @ \$8.50; best Texas \$7.50; good cows \$6.25 @ \$6.50; good grades \$5.25 @ \$5.85; cutters mostly \$3.50 @ \$3.75; yearlings, big quarter higher; top \$8.75 @ \$9.25; canners steady to strong; bulk \$1.50 @ \$1.75; bulls higher; calves 25c @ 50c higher; top packers \$9.00; some around 200 pounds \$8.75; stockers and feeders steady to strong; bulk \$5.25 @ \$6.00.

Hogs—Receipts \$5.00; open slow around 10c lower than yesterday's average; closing fairly active, very uneven, mostly 10c lower; spots off more; best lights and mediums to packers and shippers \$9.50 @ \$9.65; 250 pound to 290 pound averages \$9.50; prime 350 pounds \$9.30; bulk \$9.40 @ \$9.60; packing sows and pigs about steady.

Sheep—Receipts 10,000; fully steady; Texas wethers \$4.75; lambs closing around 25c lower; top natives \$9.75; bulk \$9.00 @ \$9.50; Texas feeding lambs \$5.00.

CASH GRAIN REPORT

By Associated Press.

CHICAGO, July 12.—Cash wheat premiums were ½¢ to 1¢ lower today and corn and oats discounts were unchanged. There was a bid of 1½¢ over July 2, f. f. Georgian bay ports, for corn and it was intimated 1½¢ would be paid.

Montreal wanted corn but dearth of lake tonnage prevented business. Exporters there were said to have bids for nearby shipment of wheat. Seaboard advices said 280,000 bushels of wheat were sold to Belgium and that Argentine interests had bought one million bushels of futures in Chicago.

Vessel room for 250,000 bushels of corn to Buffalo and 100,000 bushels to Georgian Bay ports was chartered. A large lot of

"Known for Ready to Wear"

If You Want More Bodily and Mental Vigor

Try Me I Only Require One Minute of your time each day. I have helped give thousands of weak, run-down, nervous folks, increased strength and endurance, in two weeks' time, in many instances.

I am not a doctor but PHYSICIANS HAVE OFTEN ADVISED PEOPLE TO TRY ME. Former UNITED STATES SENATORS, United States Attorneys, Judges of U. S. Courts and many well known people have availed themselves of my help.

STRONG MEN, ATHLETES, BRAIN WORKERS—they know what I can then they want the "stay there" strength and endurance that wins.

WOMEN WHO ARE WEAK, nervous and irritable as a result of overwork or household drudgery have often obtained most surprising relief from me.

When, as a result of iron starvation, you get up feeling tired in the morning when you can no longer do your day's work without being all fagged out at night; when your digestion all goes wrong, or you have sinus across the back and your face looks pale and drawn, do not wait until you go all to pieces and collapse in a state of nervous prostration or until in your weakened condition you contract some serious disease, but try me, only take one minute of your time each day, and I will give you the iron you need. I am NUXATED IRON—organic iron. I am like the iron in your blood and like the iron in spinach, lentils and apples. I help make strong, forceful, red blooded men and beautiful, healthy, rosy-cheeked women. Without iron in me, your blood becomes pale, thin and watery and loses its power to change food into living tissue, therefore nothing you eat does you the proper amount of good—you do not get the full strength out of it. To prove to yourself what I can do get a doctor to take a specimen of your blood and make a "blood count" of your red blood corpuscles, then try me for one month and have a new "blood count" made and see how your red blood corpuscles have increased and how much stronger and better you feel; how t color has come back to your face and how much stronger and more steady your nerves now. I will not injure your teeth nor disturb your stomach. You need not lose a cent on me. I do not give you satisfactory results in many factors will refund your money. Get only the genuine Nuxated Iron. I come in tablets or never in liquid form—look for the letters "N" on every tablet and the word "Nuxated" on every package. Sold at all druggists.

Herbs are Used in Medicines
A Manchester, England, paper urges the renewed cultivation of old fashioned medicinal herbs in English gardens. In the United States they have also gone out of fashion as a feature of the small garden, although they are imported in large quantities from Turkey, India and China, where they are grown purely for commercial purposes. Tons of medicinal herbs are used annually in the preparation of Lydia E. Pinkham's Vegetable Compound, a most successful medicine for women's ills. It contains no narcotics or harmful drugs, and women afflicted with such ailments should try it.—Adv.

WHITE HALL SECOND TEAM DEFEATS ROODHOUSE
White Hall, July 12.—The base ball supremacy between Roodhouse and White Hall was settled on the White Hall grounds Saturday afternoon as far as the second teams are concerned, the score being 26 to 6 in favor of White Hall. The grand stand afforded the best part of the amusement. The display of satire and sarcasm on part of the visiting spectators was something artistic, being devoid of ugly hot-headedness entirely, and it was directed more at their own men than their opponents. McSmith led the Roodhouse rooting, announcing that the next engagement between Roodhouse and White Hall will present the mule drivers of Roodhouse. Conductor McSmith spreads good feeling and fairness wherever he goes, and he has single-handed overcome the sores growing out of the championship games between the two cities.

GREAT INTEREST IN HIGHWAY PROJECT

Meeting on Ocean to Ocean Highway to Be Held in the Chamber of Commerce Rooms Friday Evening.

Morgan county farmers living on the Ocean to Ocean highway are taking a great deal of interest in the campaign which is being made to advertise the trail. A meeting of citizens will be held at the Chamber of Commerce headquarters Friday evening at 7:30 which will be addressed by John W. Walsh, general manager of the highway.

Jacksonville is one of the three national highways, the Ocean to Ocean Way, and it is time the community was realizing its importance. The other main highways are the Lincoln Highway and the Old Trail. The cities and farms on these roads have a great advantage. It is the purpose of the meeting Friday evening to show the people just what is the advantage of keeping up such a route.

Hordes of autos now remind us we should build our roads to stay. And departing leave behind us kinds that rains don't wash away. So when our children pay the mortgage, Fathers made to haul their loads. They'll not have to ask the question Here's the bonds but where's the roads.

WHITE HALL PLANT THREATENED BY FIRE
White Hall, July 11.—Fire was discovered in the kiln sheds at the south end of the plant of the White Hall Sewer Pipe & Stone-ware Co., at 7:30 Sunday morning. An opening had been made in a kiln of sewer pipe for cooling it, and the intense heat emanating from the opening communicated to the sheds, burning a section about fifteen feet square. The tar roof made great clouds of smoke causing the alarm to become circulated that the entire works were doomed. The excellent fire-fighting equipment enabled the watchmen and burners to successfully combat and confine the flames until the arrival of the fire company, and there was a sigh of relief when it was learned that there was only slight damage instead of the threatened loss of White Hall's largest industrial institution. C. B. Stahl, secretary of the company and immediately in charge of operation, expresses gratitude for the efforts of every individual in averting a disastrous fire.

LADIES' TAKE NOTICE

POSTOFFICE ROBBED AT MEREDOSIA TUESDAY

Burglars Blow Safe Early Tuesday Morning—Secure About \$100 in Money and Savings and Thrift Stamps.

About one hundred dollars in money and savings stamps was the loot which robbers took from the safe of the Meredosia post-office early Tuesday morning. The time clock on the safe indicated that the robbery took place about 2:20 a. m.

The bandits entered by a rear window, after breaking a lock. Explosives were used to blow open the doors of the safe. Several people admitted seeing the robbers, but no attempt was made to hinder them. It is thought that only two men participated in the robbery. Several tools left on the floor indicated that they left hurriedly.

The postmistress, Miss May Hughes, did not know of the looting until she went to work Tuesday morning. She discovered that about sixty dollars in money and about forty dollars in savings and thrift stamps were missing. No clue to the identity of the whereabouts of the bandits has yet been discovered. They were last seen leaving Meredosia in an automobile.

BIRTHDAY DINNER AT MURRAYVILLE HOME

Sunday was the birthday of Mrs. S. B. Jones and the day was most fittingly observed at the family home in Murrayville. A number of relatives and friends went to the Jones home with well filled baskets and at noon a bountiful dinner was served on the shady lawn. The bill of fare included fried chicken, salads, cake, ice cream and other good things to eat. The afternoon hours were spent in a delightful social manner, music having a place on the program. When the guests departed it was with the wish that Mrs. Jones may have many more happy returns of the day.

The company included Mr. and Mrs. J. A. Carlson, Mr. and Mrs. Rees Jones, Miss Mary Gunn, N. C. Carlson and family, Harry Lemon and family, Harry Rimbey, Edward Tendick and family, Burton Millard and family, Mrs. Susie Tannahill, John Williamson, Claude Gunn and Verne Geiger.

IS THE HAPPIEST WOMAN IN TOWN

For First Time in Four Years LaSalle Woman is Able to Walk Down Town.

"After I finished my first bottle of Tanlac I went down town for the second one myself, something I had not been able to do in four years." This remarkable statement was made by Mrs. Margaret Hicks, of 336 Fourth street, LaSalle, Ill.

"I had suffered with indigestion and rheumatism for over twenty years and didn't expect to ever be well any more. If I ate only a few bites I would blout up so bad I could hardly breathe and at times I just felt that each breath was my last. I had to live almost entirely on milk and toast and sometimes even this disagreed with me and caused such awful pains that I simply broke down and cried. My legs and arms ached night and day and I would lie awake hour after hour hardly able to sleep at all. My legs were swollen up badly and it was all I could do to hobble around the house a little.

I was unable to go after my first bottle of Tanlac when I decided to try it, and had to send my daughter for it. I improved wonderfully right from the start, and today it hardly seems possible that I am in such splendid health after I had suffered all these years.

"Everything I eat agrees with me perfectly, for my stomach trouble has left me entirely. I never feel a touch of rheumatism any more and sleep soundly every night. I am simply overjoyed at my recovery and am the happiest woman in LaSalle."

Tanlac is sold in Jacksonville by Shreve's Drug Store—Adv.

Cylinders Reground and Pistons and Connecting Rods Aligned by Special Machines

We have installed the machinery shown in this ad. for the re-grinding of cylinders in a proper manner and for the accurate alignment of connecting rods and pistons. This alignment gives each piston an accurate stroke and prevents future wearing of cylinder walls. Most such wear is due to faulty alignment. Come in and see these machines at work. If you are having engine trouble, by all means come to us.
